

Carrington Resort is set amidst 3000 acres of rolling coastal land and surrounded by the vineyards of New Zealand's northern most winery, Karikari Estate. Also boasting a seemingly endless stretch of secluded white-sand beach, this is the ideal place to switch off, indulge and relax.

Private, sumptuous and unspoilt, at Carrington Resort you'll discover the space to unwind and appreciate the natural landscape, or the challenge of a number of recreational activities. Carrington Resort has two championship tennis courts, a heated infinity swimming pool and an Olympic-style skeet and trap shooting range in addition to the horse trekking, walking trails, mountain biking adventures and water and game-fishing activities on offer.

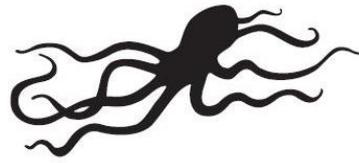

The cuisine of Carrington's Restaurant echoes the refinement of the resort itself, and takes advantage of the fresh seasonal produce that abounds in the sub-tropical North. It is complemented by the latest vintage from Karikari Estate winery, where guests are invited

to take tours, or just relax in the Tuscan-style surrounds, enjoying the fruits of our winemaker's labours.

We are committed to creating your perfect stay, whatever that may be. The following pages outline the facilities and services offered at Carrington Resort. However, if there is anything we can do to ensure your stay with us is truly memorable, please do not hesitate to ask our friendly team of hospitality professionals. We hope you enjoy your stay with us.

From the Management team of Carrington Resort.

KARIKARI E S T A T E

Vineyard and Winery

Northland is the birthplace of New Zealand wine, with Reverend Samuel Marsden planting the first vines there in 1819. Just under 200 years later Karikari Estate Vineyard has opened its doors to become New Zealand's northern most winery located on the beautiful Karikari Peninsula in Doubtless Bay.

The first vines were planted in 1998 with the production of its first vintage in 2003. Karikari Estate now boasts some 13 hectares of Chardonnay, Merlot, Pinotage, Syrah and Tannat. These varieties enjoy this regions climate and will ensure Karikari Estate becomes a major player in the New Zealand wine market.

Karikari Estate's philosophy is to ensure quality Through both vineyard management and the utilisation of state of the art technology in the winery combined with a highly skilled and extremely passionate winemaker. This philosophy can be recognised in the winery's first vintage of 2003/04, with over 80 medals being attained from the major New Zealand wine shows including Gold and winner of its class for the 2004 Pinotage at Bragato Wine Awards.

Our Winemaker, Alan Collinson, has vast experience with making wine from Far North Grapes, he has now completed 20 vintages in Northland and 1 in France. He joined the Karikari Estate team in 2012, where he has continued to enhance the Far North as a quality wine producing region.

FACT SHEET

Carrington Resort:

- Located on the Karikari Peninsula
- Carrington Resort is 30 nautical miles from North Cape
- It is a 3,000-acre estate, farm and vineyard
- The stone walls around the Estate were built with stone from the Carrington Quarry and local volcanic stones
- Before Carrington Estate purchased the property, the land was overgrown with gorse, 4m Tea tree and bush
- Extensive gardens and landscaping will continue to be added over the years to come.

Location:

- Karikari Beach has 15m high sand dunes
- Karikari means 'windy windy' in Maori.
- Karikari is the key nesting habitat of the endangered New Zealand Dotterel
- Houhora harbour has commercial green lip mussel farms
- Mt Puheke is at the end of Karikari Beach and clearly visible from all areas of the Resort
- The Maori name Puheke means 'Octopus' in English
- On the south-west side of Puheke are approximately 30 hectares of locally owned Pacific Oyster farms
- Of the 22 world records for the striped marlin 16 were caught in the waters off Cape Karikari.

Golf Course:

- The Estate has a 100-acre USGA specification golf course
- The tees and greens are all sand based and sub drained
- We use brown top bent grass on the greens
- The signature tree on the golf course is the Pohutukawa
- Kikuyu grass on the fairways and tees
- The golf course is fully irrigated with a computerised rainbird irrigation system
- The 14th hole is 605m par 5 (the longest in the country)
- The golf course is 6,633m long, par 72
- The Estate has 22 electric IQ club cars
- A tunnel goes under the road from the golf course to the vineyard and winery.

The Resort:

- The Resort has 10 lodge rooms and 13 villas
- All of the lodge buildings are connected with covered verandas for comfort
- The restaurant can seat approximately 44 people inside, comfortably
- The wood beams in the restaurant are made from Northland Macrocarpa
- The large fire place in the restaurant was built with Kaeo field stones
- There is a classic Barton and McGill pool table in the lounge

FACT SHEET

- The library has a guest computer with complimentary internet access
- The predominant wood around the Resort is Rimu
- Carrington Resort has 3 helicopter landing pads located opposite the championship tennis courts
- Carrington Resort has a conference room that can accommodate 90 people theatre style
- The conference building has contemporary digital projector that projects a 2.5m by 3m image

Weddings:

- The Resort can host weddings and birthday parties for up to 130 people.

Estate Activities:

- The infinity swimming pool is heated
- The swimming pool is 24m long and is 3m deep at the deepest point
- Carrington has an Olympic specification skeet and trap clay target shooting range situated in the middle of a 100-acre pine grove on the farm
- The target shooting field uses Italian Mattarelli trap machines. These are the same machines used at the Olympics.

Environment and Wildlife:

- Carrington Resort actively works to control possums and land based predators such as feral cats, stoats and rats
- 900 acres of restored native wetlands
- Birds of the wetlands include: Dotterels (endangered species) Bittern, Black Swan, Canada Geese, Kingfisher, Grey Duck, Mallard Duck, Paradise Shelduck, Pukeko, White Faced Heron
- Salt water birds include: Pied Stilt, Oyster Catcher, Spur-winged Plover, Eastern Bartailed Godwit, Caspian Tern, White Fronted Tern, Eastern Little Tern, Red-Billed Gull, Black-Backed Gull
- There are wild pigs on the Karikari Peninsula
- There are large populations of fresh water eel in the ponds on the golf course and wetlands
- The largest eel taken from the Resort weighed 19kg
- Carrington has primarily used native NZ trees and plants to landscape the Estate
- The eucalyptus (gum trees) were planted approximately 30 years ago
- The large palm trees on the property were transplanted and weighed an average of 18 tonnes each
- There are over 6,000 Pohutukawa trees on the golf course, farm and vineyard
- Carrington Farms actively works to eliminate all gorse and pampas grass.

Karikari Estate Winery:

- Karikari Estate is New Zealand's northern most vineyard and winery
- The tiles on the winery roof are imported from Portugal
- The winery design is Tuscan style and with Palladian arches
- The vineyard has a planted area of 12.8 hectares of grapes and is situated 3km from the Pacific Ocean
- The grapes were first planted in 1998. The first vintage produced 18,000 bottles of wine in 2003.
- The vine rows are all oriented 10 degrees east of north which allows for maximum sun exposure each day
- We do a mixture of spur pruning and cane pruning all in the vertical shoot positioning (VSP).
- Karikari Vineyard is a member of the NZ Sustainable Wine Growers Association
- The natural ocean breezes combined with the anabatic winds of the Karikari hills lead to a very healthy vineyard
- One barrel holds 300 bottles of wine
- Karikari Estate uses a combination of French American oak and Hungarian.
- The wine making equipment is imported from Italy and France
- The wine making tanks were manufactured in NZ and are jacketed with a computerised glycol temperature control system
- The first bottles to be released were in 2004. They were Chardonnay and a blend called 'Silver Cloud' (Chardonnay, Semillon Viognier)

Environmental promise

Welcome to Carrington Resort. We hope you enjoy your experience with us.

We believe in protecting the beautiful environment of Whatuwahiwi and the Karikari Peninsula. We want to ensure that your children and grandchildren can visit and enjoy it too.

To this end, we have developed an environmental plan and welcome your support for this initiative.

We support this area by undertaking a number of actions. Many of these you may not see, but some you may notice.

Some actions that you may not see include buying locally, composting our organic waste for gardens, using low energy lighting, using environmentally-friendly cleaning products, donating items, supporting local charities and training our staff to commit to our environmental practises.

If you would like to help us care for our environment too, you may choose to reuse your towels more than once. If this is your preference, please either hang them on the towel rail or leave them in the bath for replacement. Alternatively turning off lighting or any electrical items when not in use will also help us.

Most of our guests want to help, so we invite you to join us by enjoying our hospitality and understanding our environmental policy.

How we care for New Zealand

We are very pleased you have chosen to use our business on the Karikari Peninsula.

If you are enjoying our region like we do and want to reduce your impact on it, we encourage you to consider these things:

- We turn off taps when we are not directly using water. You may wish to do the same.
- We always endeavour to turn off lights or equipment when not needed. You are welcome to do the same.
- We always try to minimise waste. We offer you recycling options which are located underneath the lodges, we encourage you to use them.
- We buy our products from local sources, which both support employment in our community and reduce the distance our goods must travel to reach us
- We donate our time and effort to the Waimango wetlands conservation

- If you are interested to know about these aspects or anything else we do, please feel free to ask our staff.

Appliance Instructions

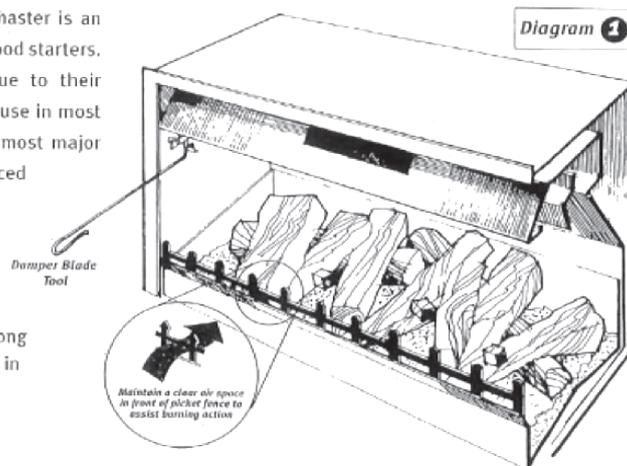

LIGHTING AND MAINTAINING AN EFFICIENT JETMASTER OPEN FIRE

YOUR JETMASTER FIREPLACE IS DESIGNED TO MAXIMISE RADIATED AND CONVECTED HEAT - BOTH OF WHICH MAY BE OPTIMISED BY FOLLOWING THESE FEW INSTRUCTIONS.

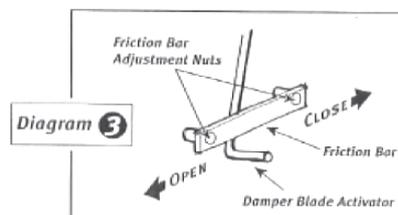

The below described method of starting a Jetmaster is an alternative to using kindling, paper and small wood starters. The use of firelighters is more desirable due to their sustained burn time, effectiveness and ease of use in most conditions. Firelighters may be obtained from most major grocery outlets or garages and are modestly priced

PREFERRED WOOD FOR STARTING IS DRY SPLIT SOFTWOOD EG. PINE

- 1 Place one or two propping pieces along the back of the logpan as illustrated in diagram 1 & 2.
- 2 Place 2 - 3 firelighters in front of propping pieces. Lay additional split logs as shown against the props

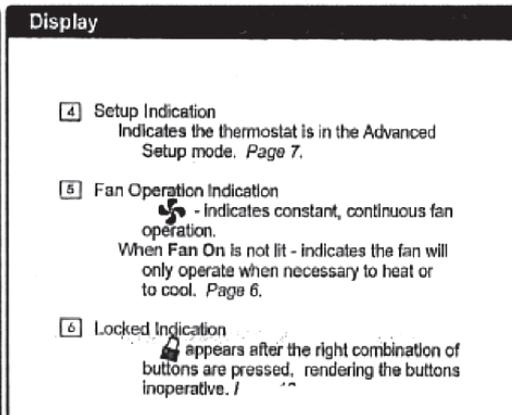

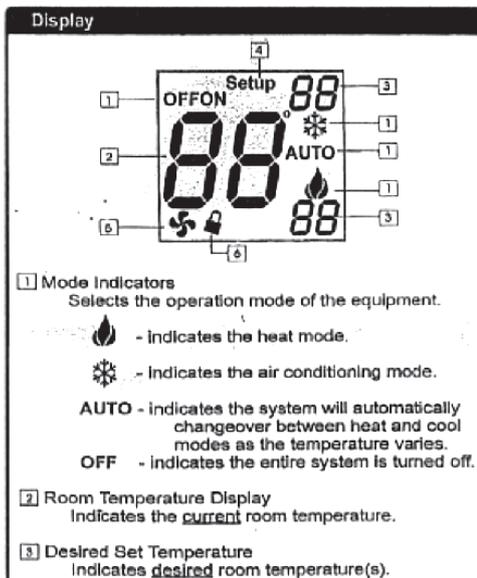

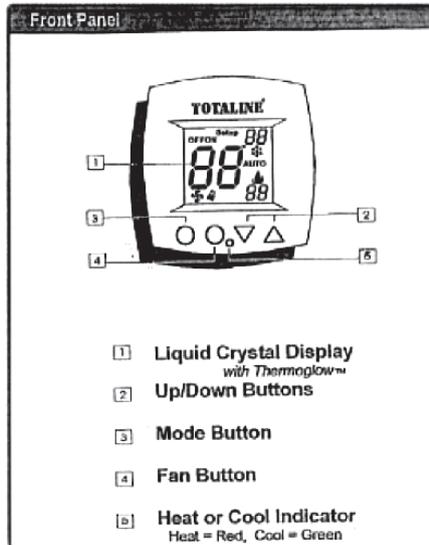

- 3 Fully open damper blade using the damper blade tool. Pull to fully open - push to fully close as in diagram 3 (Reverse for double sided units)
- 4 Light all firelighters - long matches or a long nosed gas firelighter is ideal. Be aware that new Jetmasters, on start up, will emit a few odours normally associated with heat onto fresh painted metal surfaces. These will soon disappear.
- 5 Add larger hardwood or softwood as required. Softwood is best to start and get a fire going. Hardwood should only be used once the fire is established. Best maintaining burn result is with a 50/50 mix of both types of wood.
- 6 The damper blade may be used to control the burn rate once the fire is fully established with good base-embers - slightly forward of midway position is ideal.

Section 8

Monetary limit of liability

Where an innkeeper is liable as an innkeeper for the loss of or damage to any property brought to the inn, his liability to any one guest shall not exceed \$300 in respect of any one article, or \$1,200 in the aggregate, unless the guest proves that—

(a) the property was stolen, lost, or damaged through the default, neglect, or wilful act of the innkeeper or his servant; or

(b) The property was deposited by or on behalf of the guest expressly for safe custody with the innkeeper or with a servant of his authorised or appearing to be authorised for the purpose, and was, if so required by the innkeeper or that servant, in a container fastened or sealed by the depositor; or

(c) at a time after the guest had arrived at the inn, either the property was offered for deposit as foresaid and the innkeeper or his servant refused to receive it, or the guest or another guest acting on his behalf wished so to offer the property but, through the default of the innkeeper or his servant, was unable to do so.
